

Aggy

Like, "You bring the boys, I'll bring the girls
Have a couple drinks, forget about the world"
Okay

They wanna see my ass in jail, wanna see me fail
You're gonna have to wait for that, exhale
Bitches in New York that I wanna impale
But I know they got a Dimes Square in hell
This ain't gonna be another diss track, though
Gotta have competition to make a diss track, hoe
And lucky for you tattered ass clones
Lookin' like a jester, you're no threat to the throne
I'm all about love, I don't mean to be aggy
It's all good vibes, where's the party? Drop the addy
Got my jeans on, go ahead, admire the fatty
Lookin' for the one that wants to make my name a tatty
I'm all about love, I don't mean to be aggy
It's all good vibes, where's the party? Drop the addy
Got my jeans on, go ahead, admire the fatty
Lookin' for the one that wants to make my name a tatty

You bring the boys, I'll bring the girls
Have a couple drinks, forget about the world
All I know is I don't
Wanna miss you anymore
Miss you anymore

Sexy wexy, he wanna love me
Touch me, squeeze me, more than hug me
Kiss me, please me, warm and fuzzy
That's what I feel when he spends his money

Baby gets sad when he miss me
You know I like it best when you're kissin' me
Wanna hold you tight, so sweetly
You know I like it best when you're nice to me

You bring the boys, I'll bring the girls
Have a couple drinks, forget about the world
All I know is I don't
Wanna miss you anymore
(Baby gets sad when he miss me)
(You know I like it best when you're kissin' me)
Miss you anymore
(Wanna hold you tight, so sweetly)
(You know I like it best when you're nice to me)

Baby gets sad when he miss me
You know I like it best when you're kissin' me
Wanna hold you tight, so sweetly
You know I like it best when you're nice to me
Baby gets sad when he miss me
You know I like it best when you're kissin' me
Wanna hold you tight, so sweetly
You know I like it best when you're nice to me

You bring the boys, I'll bring the girls

Have a couple drinks, forget about the world
All I know is I don't
Wanna miss you anymore
Miss you anymore

Know-know-know-know, you know
You know I like, you know I like you kissin' me
Wanna-wanna hold you, so sweetly
You know I like, you know I like you kissin' me
Baby gets sad when he
You know I like, you know I like you kissin' me
Wanna-wanna hold you, so sweetly
You know I like, you know I like you kissin' me
Kissin' me, kissin' me, kissin' me
