

# Love Me

Coco & Clair Clair

You're boring, you're boring, I'm bored  
Punch buggy hatchback  
Pedal to the floor  
I'm sorry, I'm sorry, you're wrong  
"Ur So Gay" by Katy Perry  
That's your favorite song  
You're tired, you're tired, I'm dead  
Cherry bomb, Joan Jett  
Goin' through my head  
Goodbye, goodbye, we're done  
If you wanted my love I'm not the one

Do you want me?  
If you had me  
Would you flaunt me?  
Could you keep me?  
Baby reach me  
Telephone beep me  
'Cause I'm the best thing  
You're thinking about leaving  
'Cause I make it easy to love me  
But you give me nothing  
Do you want me?  
If you had me  
Would you flaunt me?  
Could you keep me?

You know them?  
Fuckin' me either  
No hanging with an innovator in a two seater  
Been in first place  
Think I need a breather  
Yeah I'm so sexy  
So hot I got a fever  
International  
That's what I wanna be  
Finna be sold out in Germany  
Got me a baddie  
Now we live in harmony  
This might be a hit  
We do this normally

Do you want me?  
If you had me  
Would you flaunt me?  
Could you keep me?  
Baby reach me  
Telephone beep me  
'Cause I'm the best thing  
You're thinking about leaving  
'Cause I make it easy to love me  
But you give me nothing  
Do you want me?  
If you had me  
Would you flaunt me?  
Could you keep me?  
'Cause I make it easy to love me

But you give me nothing  
Do you want me?  
If you had me  
Would you flaunt me?  
Could you keep me?
