

Mercury In Retrograde

Coco & Clair Clair

I call you, you won't answer
Just yesterday I was your girl
Something has changed
You're not the same
Is Mercury in retrograde?

Mercury in retrograde
Mercury in Gatorade
How come when you come around it's never the same?
You'll call me, then you won't
Say you like danger, then you don't
Forgive me, then you wanna act all cutthroat
I'm never lying or deceiving, but this retrograde got me thinking:
"What would happen to us, if I stopped sending memes?"
"Are you my ride or die, or my future enemy?"
Call me when this retrograde leaves

Is Mercury in retrograde?
You're not the same
Is Mercury in retrograde? (Retrograde)
Is Mercury in retrograde?
You're not the same
Is Mercury in retrograde (Retrograde)

I wanna be the Ashanti to your Ja Rule
But Mercury in retrograde got me feeling like a fool
The group chat is silent
And I'm feeling kinda violent
Look at me sideways and now I'm a tyrant
I didn't steal someone's man like Alicia
But karma's at my door like "Nice to meet ya!"
Why does the planet have me in my feelings?
Mercury is releasing all of my demons

I call you, you won't answer
Just yesterday I was your girl
Something has changed
You're not the same
Is Mercury in retrograde?

Is Mercury in retrograde?
You're not the same
Is Mercury in retrograde? (Retrograde)
Is Mercury in retrograde?
You're not the same
Is Mercury in retrograde? (Retrograde)
