There is something in me

I see you looking at me  
I see you looking at me  
I see you looking at me

Hey, you're lookin' kinda ugly  
Looking like Zuckerberg  
Smelling like Kentucky  
I don't wanna fight  
But I'm wondering  
How a headass  
Wanna bite  
I'm a nice girl  
With some nice dreams  
See this [?] button  
And this diamond ring?  
I'm chillin', and I'm lookin' pretty  
You look like you in the blue lives committee  
There is something in me

I see you looking at me  
I see you looking at me  
I see you looking at me  
I see you looking at me  
I see you looking at me  
I see you looking at me  
I see you looking at me  
I see you looking at me
