Yeah we pull up, pop off  
Catch your eye don't be shy  
Fall in love for one night  
So wrong but feels so right  
Yeah we go hard baby  
Are you the one? Maybe  
Fall in love for one night  
So wrong but feels so right (feels so right)

He say he wanna date me  
I say that's not my thing  
He say "what's my thing?"  
I tell him bling bling  
I'm down to flirt, I'm down to kiss  
But first you gotta put something on this wrist  
You sad? You scared? You mad?  
Or you upset 'cus I'm best you ever had?  
All night at the bar  
All night under the stars  
Drinking vodka out the bottle  
Playing Chasing Cars

Yeah we pull up, pop off  
Catch your eye don't be shy  
Fall in love for one night  
So wrong but feels so right  
Yeah we go hard baby  
Are you the one? Maybe  
Fall in love for one night  
So wrong but feels so right (feels so right)
