

Sims 2

Coco & Clair Clair

I'm in my bedroom
Playing Sims 2
What about you?
I'm in my own lane
Riding with the crew
Not thinking 'bout you
I'm at the party
Minding my business
I'm in my own lane
Minding my business

I'm in my room
Playing Sims
Minding my biz
You know what it is
It's Coco & Clair
In the new year
Hundred cheers and zero tears
Back in my lane and I'm cruising slow
Don't worry where I'm going if you don't already know
Keeping to myself and that's where it's at
I'm moisturized
For a fact
Coconut oil in my hair
Coconut oil on my face
Spraying rose water in the air
Spraying rose water on my face
Text from an ex
Smash erase
Keeping to myself
Winning the race
Tryna stay positive
So leave me alone

I'm in my bedroom
Playing Sims 2
What about you?
I'm in my own lane
Riding with the crew
Not thinking 'bout you
I'm at the party
Minding my business
I'm in my own lane
Minding my business

You call me on the phone (La la)
Why won't you leave me alone (La la)
Heard about your new girl (La la)
Said she rules your world (La la)
Please quit bothering me (La la)
Tryna find some peace (La la)
I can sense you following me (La la)
Even in my sleep (La la)
Rid the thoughts in my head (La la)
Before I go to bed (La la)
Just want a love that's true (La la)
I'm not in love with you

I'm not in love with...

I'm in my bedroom
Playing Sims 2
What about you?
I'm in my own lane
Riding with the crew
Not thinking 'bout you
I'm at the party
Minding my business
I'm in my own lane
Minding my business
