When I said, when I said

When said I be gone I meant really gone
But you out here moving on
The moves always on your phone, night after night
I guess I thought you will be stuck on me
So lonely
But you making the moves with your homies
I wasn't right

Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
I read them
I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
I read them

Watching you talk with one girl like used to do me
Calling her your little girl
Man that's really crazy
I know you ain't happy, you'll never replace me
Said you need to focus, so what you really chasing

Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
I read them
I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
I read them

I guess I'm dodging bullets, so I'm not even tripping
It's too late for you anyway, so go ahead go get your filling
I guess I'm dodging bullets, so I'm not even tripping
It's too late for you anyway, so go ahead go get your filling

Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
I read them
I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
Wildin out on them DMS, I see them
I read them

That's okay, I'm too good for you anyway, I won't tripped on you anyway
But don't you call cause it's too late babe, yeah
