

Fallin

Coco Jones

Yeah
Oh-oh, oh-oh
Oh-oh, oh-oh

What was I expectin'?
My girlfriends said, "Stay away" (Yeah)
But I couldn't stay away (Yeah)
Feels too good when you put it down (Down)
Locked on your smell when you come around (Around)

And it's been too long since I've been treated right
Different cities every night
But you come and catch the flight
Give it to me, all night like New York city, I
Think that I (That I), think that I, I (That I)

I think I'm fallin' in love with you and your body
Fallin' in love with you and your body
Think I'm fallin' in love
I'm just starting, true, I'm just starting
Don't need nobody

I've just been reactin'
To your moves and your subtle ways
Back and forth when you at my place
I got the power like that sound
Taste so good when you come around

And it's been too long since I've been treated right
Different cities every night
But you come and catch the flight
Give it to me, all night like New York city, I
Think that I (That I), baby, think that I, I

I think I'm fallin' in love with you and your body
Think I'm fallin' in love with you and your body
Fallin' in love, true, I'm just starting with
You and your body, it's true
There's no goin' back now, mm, nah, oh-oh
