

Miss Me When I'm Gone

Coco Jones

Will you miss me when I'm gone?
Will the teardrop from your eye for me?
Will your lonely heart be broken?
From all the words that are unspoken
Will you miss me when I'm gone?

Will you call me everyday?
Tell me that you're on your way to me
Baby, come here and just hold me
Cause I don't want to be lonely
Will you miss me when I'm gone?

Will you miss me when I'm gone?
Will you prove our love is strong?
Let me feel it in the way you hold me
Let me know that I'm the one
Will you miss me when I'm gone?
Will you show me how you feel?
No other place you'd rather be
Baby say "I love you, baby"
Let me show our love is strong
Will you miss me when I'm gone?

Will you miss me when I'm gone?
Will you go tell everyone you love me?
Will you write me that love letter?
So my lonely heart feels better
Will you miss me when I'm gone?

Will you miss me when I'm gone?
Will you prove our love is strong?
Let me feel it in the way you hold me
Let me know that I'm the one
Will you miss me when I'm gone?
Will you show me how you feel?
No other place you'd rather be
Baby say "I love you, baby"
Let me show our love is strong
Will you miss me when I'm gone?

Missing you like crazy
Ain't no other can make me
Feel like my baby
Missing you everyday
Missing you like crazy
Ain't no other can make me
Feel like my baby
Missing you everyday
