

No Chaser

Coco Jones

(Welcome to the camp)

Get a cup of me
Just touch on me
Big talk, big thangs
I like the way you are
Pour it up and drink
Get lit, we link
Just sip, don't think
I love the way we are

You see this side of me
You ain't gon' wanna leave
Don't drink and drive
Baby you right where you supposed to be
This here is top shelf
I know you're thirsty
Run up the tab
So you can get every drop of me

If you want it
Don't waste it
Taste it
No chaser
If you on it
Prove it
Taste it
No chaser
I'm already sweet
You can do without it
Take it straight for me
If you really bout it
If you want it
Don't waste it
Taste it
No chaser

We sip and we chill and we vibe
Room spinning, you feel it, don't lie
Last call but we need more time
After hours let's slide

You see this side of me
You ain't gon' wanna leave
Don't drink and drive
Baby you right where you supposed to be
This here is top shelf
I know you're thirsty
Run up the tab
So you can get every drop of me

If you want it
Don't waste it
Taste it
No chaser
If you on it
Prove it

Taste it
No chaser
I'm already sweet
You can do without it
Take it straight for me
If you really bout it
If you want it
Said baby, if you want it

If you want it
Don't waste it
Taste it
No chaser
If you on it
Prove it
Taste it
No chaser
I'm already sweet
You can do without it
Take it straight for me
If you really bout it
If you want it
Don't waste it
Taste it
No chaser

No chaser
No chaser
No chaser
