

# Nobody Exists

Coco Jones

Call you friends, they won't be on your side  
It's never black and white  
You should've learned from your older cousins  
How many time did they warn you?

Do my best, but I don't want to  
I just want to get lost with you  
Catch my breath, yeah, I probably should  
And if I could be over you

Never forever, but  
We like to pretend it was  
When we're together, I swear  
Nobody else exists  
We're not a couple but  
Sometimes, we make it hurt  
When we're together, I swear  
Nobody else exists

I'm on my own, my own, my own  
You're on your own, your own, your own  
And yet we know, closer that we get  
No one else exists (No)  
Always tryna dodge the truth (Oh, oh)  
No more being logical  
I guess I'm playing dumb for you (For you, I)

Do my best, but I don't want to  
I just want to get lost with you  
Catch my breath, yeah, I probably should  
And if I could be over you

Never forever, but  
We like to pretend it was  
When we're together, I swear  
Nobody else exists  
We're not a couple but  
Sometimes, we make it hurt  
When we're together, I swear  
Nobody else exists
