

Spend It

Coco Jones

Oh my
Look so good can't describe it
Two times
You so bad say it twice yeah
On site
Got that thing that I like yeah
Too fly
Like you fell from the sky
Yeah yeah yeah yeah

I don't wanna waste a minute
But if you need to I'm with it
I'll spend it all on you (You, you, you)
I'll spend it on you (You, you, you)
Time ain't free but I spend that too
Don't have much but I spend it on you
I spend it on you (You, you, you)
(You, you, you)

My time
Too expensive to buy yeah
My type
So I might let you slide yeah
You get it
Understood the assignment
I spend it
Every minute is priceless

I don't wanna waste a minute
But if you need to I'm with it
I'll spend it all on you (You, you, you)
I'll spend it on (You, you, you)
Time ain't free but I spend that too
Don't have much but I spend it on you
I spend it on (You, you, you)
(You, you, you)

Only thing I wanna do, wanna spend it all on you
Only thing I wanna do, tryna spend it all on you

(You, you, you)
I'll spend it on you (You, you, you)
Time ain't free but I spend that too
Don't have much but I spend it on you
I spend it on (You, you, you)
I spend it on (You, you, you)
