

## Sweet 13

Coco Jones

You know it's my sweet 13 ya'll  
Hold up wait  
Yeah, yeah, yeah,  
I pull up in the bins  
Roof like glare  
Interior looking like my hair  
Got the whole crowd  
Buzzing about me like that  
So I'll be big 1.3 I'll be there  
Where's the party at  
Right here right here  
Were in like air like air  
No more diamonds and pearls for me  
Somebody rock the world for me

I got my nail done  
My hair is fly  
Calling my friends jump in  
My daddy's bin and we  
Six deep fins jeep  
I bet the whole city knows  
That the party's on tonight  
Gonna put it on the tv screen  
Get the girls gonna sweet 13  
Hot guy rock star  
Photo up my style  
Keep it popin  
Cause the party's on tonight  
Gonna party as a sweet 13  
Go and get it started  
You know what I mean  
Girls get it popin' on the dance floor  
Then I'll hit the dance floor  
Baby as a sweet 13
