

# T And Coco (Theme Song)

Coco Jones

Since day one you...

Ride for me with no key  
Bestie the best in me  
Where would I be without you?  
You know you always get me through

The good and bad  
Let's cheers to that  
Know what it means when you hit up my phone  
Every time we link up  
Yeah, you know what we on

T & Coco (yeah)  
T & Coco  
Spill that shh  
T & Coco (yeah)  
T & Coco  
Sip like this  
T & Coco (yeah)  
T & Coco  
You're my sidekick  
You're my best friend  
Have it no other way

I don't even have to talk  
Already know what I mean  
Met you in another life  
Cause you and I so in sync  
I'm never alone  
I'm so thankful  
You're the shoulder that I lean on

The good and bad  
Let's cheers to that  
Know what I mean when you hit up my phone  
Every time we link up  
You know what we on

T & Coco (yeah)  
T & Coco  
Spill that shh  
T & Coco (yeah)  
T & Coco  
Sip like this  
T & Coco (yeah)  
T & Coco  
You're my sidekick  
You're my best friend  
Have it no other way

Ohh  
Have it no other way  
Ooo  
Have it no other way  
Have it no other way  
You mean the world to me

Yeah yeah

T & Coco (yeah)
