

Taste

Coco Jones

Got me where I never be
Way you kiss my lips and leave a legacy
Oh, to live without you, what a tragedy
I can't get enough
All up in my conscience
I don't want another touch without you there
If I'm being honest
I'm falling in love

(With a taste) A taste gets me in places
(With a taste) I'm chasing, I can't erase it
(With a taste) Taste me, boy, and I'll taste you
(With a taste) That's the way I feel when I'm slipping under

With a taste of your lips, I'm on a ride
You're toxic, I'm slipping under
Taste of a poison paradise
I'm addicted to you, don't you know that you're toxic? (Yeah)

Don't hold back
No one do me like that
I'm gone
Real, real bad
Feeling every emotion
Big noise
Back to back
It's too good, I'm too attached
One bite of you
The things that it could do

(With a taste) A taste gets me in places
(With a taste) I'm chasing, I can't erase it
(With a taste) Taste me, boy, and I'll taste you
(With a taste) That's the way I feel when I'm slipping under

With a taste of your lips, I'm on a ride
You're toxic, I'm slipping under (Whoa, slipping, slipping)
Taste of a poison paradise (This paradise, ah)
I'm addicted to you, don't you know that you're toxic?
With a taste of your lips, I'm on a ride
You're toxic, I'm slipping under
Taste of a poison paradise
I'm addicted to you, don't you know that you're toxic?

You got me dripping down my lips, I'm tryna roll my little hips on you
I'm feigning for your kiss
Thirsty for a sip
Dripping down my lips, I'm tryna roll my little hips on you
I'm all over the place
From just a little taste

With a taste of your lips, I'm on a ride
You're toxic, I'm slipping under
Taste of a poison paradise
I'm addicted to you, don't you know that you're toxic?

Uh-huh

Just a little taste
