

Thang 4 U

Coco Jones

What'd you say?
You heard me
Ayy, where you at?

Got a thang for you
Baby, I would even go insane for you
Tellin' us we movin' too fast, don't care what they say
I'm ready to cross without lookin' both ways
Got a thang for you
Baby, I would even go insane for you
Tellin' us it probably won't last, don't care what they say
I'm ready to cross without lookin' both ways

I be lookin' you up, you up
Goin' through your phone and all your stuff
I know I'm a boss, I'ma always lock in
Even though a tough girl needs lovin'

I'm tryna go there with you, baby (Oh, woah)
Please don't have me lookin' crazy (Oh, woah)
Actin' like you grown, I don't wanna be wrong
Only gettin' good at feelin' alone

I wanna lay up with you
Nothin' on my mind
I'm terrified to give you my all
But I have to try

Got a thang for you
Baby, I would even go insane for you
Tellin' us we movin' too fast, don't care what they say
I'm ready to cross without lookin' both ways
Got a thang for you
Baby, I would even go insane for you
Tellin' us it probably won't last, don't care what they say
I'm ready to cross without lookin' both ways

Let's break the news and be out
Tell you don't want it (Tell me you don't want it)
Drive me wild with gas and no brakes
Runnin' every red light (Oh, woah)

I'm tryna go there with you, baby (Go there with you)
Please don't have me lookin' crazy (Oh, woah)
Actin' like you grown, I don't wanna be wrong (Woah, woah)
Fully gettin' good at feelin' alone

I wanna lay up with you
Nothin' on my mind
I'm terrified to give you my all
But I have to try

Got a thang for you
Baby, I would even go insane for you
Tellin' us we movin' too fast, don't care what they say (Huh-huh)
Don't care what they
Got a thang for you

Baby, I would even go insane for you
Tellin' us it probably won't last, don't care what they say (Don't care what
they say)
Got a thang for you
Baby, I would even go insane for you
Tellin' us we're movin' too fast, don't care what they say
I'm ready to cross without lookin' both ways
Got a thang for you
Baby, I would even go insane for you
Tellin' us it probably won't last, don't care what they say
