

# Why Not More?

Coco Jones

Why not more?  
Why not more?  
Why not more?  
Is enough ever enough?  
How you sweep me off the floor? (Oh, oh, oh)  
How you went back to the war? (Now, now, now)  
Why not more?  
Is enough ever enough? Enough (Hurry, hurry)

When I'm done with that pokerface, uh, uh  
Got me mean mugging without disgrace, uh  
Holdin' me feel like I'm in a choke  
Pushin' a hundred don't hit the brakes  
Givin' me brain freeze, I'm frozen  
What kind of spell did you put on me?  
Ayy, main squeeze, stay focused  
Don't get complacent with me, no, please

Takin' up my time  
Takin' up my mind  
So don't hold back now

Why not more?  
Why not more?  
Why not more?  
Is enough ever enough? (Hurry, hurry, hurry)  
How you sweep me off the floor? (Oh, oh, oh)  
How you went back to the war? (Now, now, now)  
Why not more?  
Is enough ever enough? Enough (Hurry, hurry)

Oh, no  
Well hear me  
I'm speakin' from the soul so you can feel me, oh  
And she's tellin' you why not (Only begged him on the spots)  
And I'ma tell you how I feel, oh  
I'ma tell you if the love I feel is ready  
Guys like me got a heart made of steel  
No, no, no, you can't pain from my love  
Yes, I'm destined by the one above

Takin' up my time  
Takin' up my mind  
So don't hold back now

Why not more?  
Why not more?  
Why not more?  
Is enough ever enough? (Hurry, hurry, hurry)  
How you sweep me off the floor? (Oh, oh, oh)  
How you went back to the war? (Now, now, now)  
Why not more?  
Is enough ever enough? Enough (Hurry, hurry)

Oh, why not?  
Oh, why not?  
Oh, why not?

Oh, why not?  
Oh, why not?  
Oh, why not more?  
Oh, why not more?  
I love the way she's walkin' through my door  
But I'm not asking for a lot  
But I just wanna know, oh  
Why not more?  
Oh, why not more?  
Oh, why not more?
