Break it down  
It's like this and I want you bad  
Some skunk funk with a shotgun bang  
Drop that ass stop that jazz  
Pick up the pace and you get here fast  
Don't be no wussy  
Ain't nobody gonna tell you when you miss this pass  
Yo get down with the po-po-posse  
Trippin' 'em in the back, gotta hit the gas  
You lob my stare  
You get me there  
Top up the juice, gotta get me air  
Big Jin Markin' it.  
Take it like you're stickin' it  
Fumblin with the line with the rhyme like kickin' it  
Coco, you make me loco  
Like when you put your ass on my hips when I spin that wheel  
Like keeping the beat, like keeping the the block  
Like hahahahaha
