Step In

Coco Lee

Step in my world (cause I know that you're ready to ride)
Now it's my turn (to give it to you just how you like)

No matter what you say
I know I can make a change
I just can't walk away, no way

I'm gonna let you love me
I'm gonna blow ya mind
I'm gonna let you get in
My soul, my mind

Step in my world
Step in my world
Step in my world
