

Between Me And The Sun

Cocoon

I don't see you
Between me
And the sun
Between me
And the sun

I don't see you
But I hear
When you're saying
But I hear
When you're saying

Someday we may disappear
But I'm proud of what I have been

I don't see you
Between me
And the sun
Between me
And the sun

Someday we may disappear
But I'm proud of what I have been

Someday we may disappear
But I'm proud of what I have been
