Christmas Song

Santa Claus won't come tonight He is never late The reindeer may have been shot in the skies Of the USA

For a long time I have been told lies Am I dumb? Am I blind? I am feeling so fine Oh so fine..

Good news: I won't see your faces Round the cold turkey Come back home and hug your neighbours You have saved the tree

For a long time I have been told lies Am I dumb? Am I blind? I am feeling so fine Oh so fine..

For a long time I have been told lies Am I dumb? Am I blind? I am feeling so fine

Am I dumb? Am I blind? I am feeling so fine Cocoon
