

Cliffhanger

Cocoon

He praises Lords on Sundays
Fucks a child on Mondays
He don't mind, just let him go

Drugs and alcohol
He behaves like an animal
He don't mind, just let him go

I have climbed mountains
I have lost my toes
I don't mind, now I'm alone

He says he's gonna cal
He said he play his role
I don't mind, just let him go

She says i've never know
How to make love
I don't mind, just let him go

I have climbed mountains
I have lost my toes
I don't mind, now i'm alone

I have climbed mountains
I have lost my toes
I don't mind

I have climbs mountains
I have lost my toes
I don't mind, now i'm alone

I have climbs mountains
I have lost my toes
I don't mind, now i'm alone
