

Ghost Busters

Cocoon

3.40 in the morning

A long and cold shiver wakes me up

Can you feel my hand on your head ?

And the snow starts falling, falling and falling

What did happen when I died ? (x 2)

4.40 in the morning

I've been speaking for a long while

You can hear voices when they don't resound

Like an echo borns and dies in the mountains

What did happen when I died ? (x 2)
