

# Human Race

Cocoon

I'm just  
The kind of man  
Who's given up  
I don't know when  
But I guess  
It's when I lost  
The human race  
I finished last

Oh my safe & sound  
Where have you gone?  
And my self esteem  
Where have you been?

Take pills  
Don't tell the kids  
Just watch them play  
Just one more day  
And boom!  
The overdose!  
Why kill a rose  
Before it blooms?

Oh my safe & sound  
Where have you gone?  
And my self esteem  
Where have you been?

Oh my safe & sound  
Where have you gone?  
And my self esteem  
Where have you been?
