## **Microwave**

You said you would be out for a while Now it's been a year You should be back home Microwave and meals for one The more that I sleep The more I get tired

It's time to wake up It's time to wake up I owe it all to you I owe it all to you

Secrets taste Like the last time we kissed, Or was it the last time You asked me to quit.

Children build The snow-man in the garden, As the radio Plays your favorite song.

It's time to wake up It's time to wake up.

I owe it all to you Cocoon
