

## Paper Boat

Cocoon

We'll need wood and we will need stones  
For a brand-new house  
To leave, leave, forever leave  
The Everlasting Land

We'll cross the seas, and we will brave storms  
In a paper boat  
To leave, leave, forever leave  
The Everlasting Land

We killed bugs, and we killed a deer  
And a dinosaur  
To leave, leave, forever leave  
The Everlasting Land

Oh leave, leave, forever leave  
The Everlasting Land...
