

Pomeranian

Cocoon

I wanna be happy
Just wanna be happy
I wanna be happy
Just wanna be happy

Like I used to be
In my golden years
Like the poms in the park
But I stand in the dark

Waiting for love to come back

I wanna be happy
I wanna be happy
Just wanna be happy

I'm not the only one
But it's been a while
When I'm trying to smile
I fail most of the time

Waiting for love to come back

I wanna be happy
I wanna be happy
Just wanna be happy
But inside of me
There's a hole so deep
No one seems to feel
If a heart still beats

Waiting for love to come back

I wanna be happy
