

Tell Me

Cocoon

Tell me what they said when they found out that I've lost you
Tell me that you feel better when I say it scares me too

I'm not a friend of yours anymore
I'm not a friend of yours anymore

Tell me every bend, tell me all the dance I'll never know
Tell me every fence, tell me all the caves you'll never show

I'm not a friend of yours anymore
I'm not a friend of yours

And tonight I hate birds
I hate birds
I hate birds

And tonight I hate birds
I hate birds
I hate birds
I hate birds
I hate birds
I hate birds
