

# Unchained Melody

Cocoon

Woah, my love, my darling  
I've hungered for your touch  
A long, lonely time

And time goes by so slowly  
And time can do so much  
Are you still mine?

I need your love  
I need your love  
God speed your love to me

My love, my darling  
I've hungered for your touch  
A long, lonely time

And time goes by so slowly  
And time can do so much  
Are you still mine?

I need your love  
I need your love  
God speed your love to me

I need your love  
I need your love  
God speed your love to me
