

Tearz for Animals

CocoRosie

Do you have love for human-kind? (3x)

Poison heart oh I tried to swallow
Pistols, night shears, ghost and gallows
Oh you fell as you climbed like a staircase
Wore me down
???
Wore me down
Wore me down
Solemn seething my old man
Left me breathing black and blue and tan
Hide the feeling you'll be feeling
When the day turns forever into night.

Hope for healing if you're willing
Do you have love for human-kind? (4x)

Orphan girl
Child sing along
Stop the slaughter of our daughters
Poison in the water.

Heart strings broken
Wearily tuned to the moon
Bastard widows bourne the wound
Nameless, faceless black-eyed soul
Slave to sorrow, find your way home

Hope for healing if you're willing (3x)

Do you have love for human-kind?
Hope for healing if you're willing
Do you have love for human-kind?
Hope for healing if you're willing
