

# The Tinderbox (Of a Heart)

Cocteau Twins

They are beaten  
You'd feel danger there

Through the edged are beaten  
You'd feel danger there

How heavy you are on this faded hatch  
Tinderbox of a heart left a shell is all

How heavy you are on this faded hatch  
Tinderbox of a heart left a shell is all

How heavy you are on this faded hatch  
Tinderbox of a heart left a shell is all

Bleed in your fate's ground through the edge  
It's so bloody and blunt of big crystal eyes  
How heavy you are; it's fading your hatch  
Tinderbox of a heart left a shell is all

Bleed in your fate's ground through the edge  
It's so bloody and blunt of big crystal eyes  
How heavy you are; it's fading your hatch  
Tinderbox of a heart left a shell is all
