

Every night I would cry over sandcastles
Wash away, goodbyes felt like glass
I would plead, they would all read their lines, well-rehearsed
Nineteen, was I really that blind?
Oh, for sure
I've been there, I've done that
So forgotten, down bad
Thrown away, still somehow
Found my way, but I need to be strong

Just a little bit a little bit more
Just a little bit, just a little bit harder
A little bit stronger, little bit more
Just a little bit selfish, little bit more
Just a little bit more, little bit stronger
A little bit more, little bit harder
A little bit more, little bit stronger
A little bit strong, little bit stronger

Oh, I remember this now
I was crying on your shoulder
Lost my way made a wish that I was older
Such a shame, we will wither when it's colder
Won't you stay? 'Cause I need you to be closer

I fantasize
I need you to survive, I need you to be mine
I'll lay it on the line, I'm so used to being down
So, I'm living in the past tense
But I need to be strong

Just a little bit a little bit more
Just a little bit, just a little bit harder
A little bit stronger, little bit more
Just a little bit selfish, little bit more
Just a little bit more, little bit stronger
A little bit more, little bit harder
A little bit more, little bit stronger
A little bit strong, little bit stronger

Oh, I remember this now
I was crying on your shoulder
Lost my way made a wish that I was older
Such a shame, we will wither when it's colder
Won't you stay? 'Cause I need you to be closer
