Yeah, it's true
It means something about you
Even never see me just one time
I didn't mean it
Everything was not true
I just waiting for your breath

Hey fuck you
Fuck you all the meaningless
Tell all your friends
Tell the guy beside you
I'm falling down
Falling down to silence
Tell all your friends
Tell the guy beside you

Yeah it's true
It's was something bout you
I wonder your thoughts thoughts
Come with me
It's was something bout you
Even never see me just one time
One time
One time

Hey fuck you
Fuck you all the meaningless
Tell all your friends
Tell the guy beside you
I'm falling down
Falling down to silence
Tell all your friends
Tell the guy beside you

Hey fuck you
Fuck you all the meaningless
Tell all your friends
Tell the guy beside you
I'm falling down
Falling down to silence
Tell all your friends
Tell the guy beside you
