Hold me close, I'm fading
I wanna roll with you
I'm in a brand-new blue Mercedes
I wanna change your mood

Is you gonna roll with me
Like I'm gonna roll with you
Roll with you
Is you gonna roll with me
Like I'm gonna roll with you
Roll with you

Hard days in the past
Hoped you be my last
I keep coming back
'Cause with you I relax

We keep on fuckin' up
But I can't let us go
Baby
Oh, baby
