

## Thinner of the Herd

Code Orange Kids

Open your mouth and taste the water  
Close your eyes and see the crown  
The sheep sway towards the flooded banks  
They are the fat that has to drown

Another head on the wrong side  
Another face in the crowd  
Another head on the wrong side

Be no longer hopeless mission  
For everything or none at all

See the world with Code Orange vision  
Carve the words into your skull

Thinner of the herd  
Thinner of the herd  
Thinner of the herd  
Thinner of the herd  
Thinner of the herd  
Thinner of the herd
