

Something New

Codeine

Something new
Can't complain what you do
Leaves fall like trees
Told you - it wasn't me

Tell it to your friends
Say, "This is the end."
I see your friends
They know it's the end

Don't take long
For bright things to go wrong
But just when
All depends

Tell it to your friends
Say, "This is the end."
I see your friends
Guess this is the end
