Hold It All

Cody Carnes

I call Your name
When I'm in over my head
When I'm in over my head
I seek Your face
When I cannot see the end
When I cannot see the end

You hold it all
The darker the night
The brighter the morning
You're in control
The graver the fight
The greater Your glory

No power, no name
Could ever overthrow the cross
Could ever overthrow the cross
Your blood, Your grace
Is my hope when hope is lost
You're my hope when hope is lost

You hold it all
The darker the night
The brighter the morning
You're in control
The graver the fight
The greater Your glory

What can stand against our God?
From beginning to the end
You won't be shaken
Jesus You're my strength and song
My life is in Your hands
You won't be shaken
What can stand against our God?
From beginning to the end
You won't be shaken
Jesus You're my strength and song
My life is in Your hands
You won't be shaken

You hold it all
The darker the night
The brighter the morning
You're in control
The graver the fight
The greater Your glory
