

# Through & Through

Cody Carnes

This I know  
The cross is my unfailing hope  
For grace and mercy tell me so  
I'm near to Your heart  
I'm near to Your heart

I'm so close  
I can see the scars that saved my soul  
I'm safe in Your arms, You won't let go  
Death can't tear us apart  
Can't tear us apart

I hear the Heavens, here in Your presence  
Spirit move through and through  
All of the walls down, freedom is here now  
Spirit move through and through

I'm so close  
I can see the scars that saved my soul  
I'm safe in Your arms, You won't let go  
Death can't tear us apart  
Can't tear us apart

I hear the Heavens, here in Your presence  
Spirit move through and through  
All of the walls down, freedom is here now  
Spirit move through and through

Just a moment here in Your love  
I wouldn't trade it for the world  
Wouldn't trade it for the world  
Just a moment here in Your love  
I wouldn't trade it for the world  
Wouldn't trade it for the world  
Just a moment here in Your love  
I wouldn't trade it for the world  
Wouldn't trade it for the world  
Just a moment here in Your love  
I wouldn't trade it for the world  
Wouldn't trade it for the world

I hear the Heavens, here in Your presence  
Spirit move through and through  
All of the walls down, freedom is here now  
Spirit move through and through
