

# Want Me Back

Cody Fry

I know I was a fool to think that you would wait for me  
Why did I let you go?  
But I can't help but find your picture one more time to see  
Your face light up my phone

I don't know what the future will be holding  
All I know is I wanna be holdin' you

No, I didn't think I needed your love  
But, you're the only one that I've been thinkin' of  
I'll do anything to get back your love  
Say that you want me, say that you want me back

Just tell me what I gotta do to get you in my life  
Just like we were before  
Before I quit, I lost my grip, I let you slip  
Out into the night, and watched you close the door

I don't know what the future will be holding  
All I know is I wanna be holdin' you

No, I didn't think I needed your love  
But, you're the only one that I've been thinkin' of  
I'll do anything to get back your love  
Say that you want me, say that you want me back  
No, I didn't think I needed your love  
But now I don't think I could ever get enough  
I'll do anything to get back your love  
Say that you want me, say that you want me back

No, I didn't think I needed your love  
But, you're the only one that I've been thinkin' of  
I'll do anything to get back your love  
Say that you want me, say that you want me back  
No, I didn't think I needed your love  
But now I don't think I could ever get enough  
I'll do anything to get back your love  
Say that you want me, say that you want me back
