

Can't Quit Enough

Cody Jinks

I've played every honky tonk and roadside bar and juke joint
Between here and Minneapolis
You know I've lived these miles
There's a haggard man behind these eyes and smile

I picked up the guitar 'round the time I turned fourteen
Lit that fire, been burnin' tires, hard booze, both hands in ga
soline
Stayin' wired, come back down the best that we know how
We know now

We're all tryin' to quit smokin'
Tired of laughin', tired of jokin'
'Bout the habits we all have slowly creepin' up
We all gotta die from somethin'
Livin' kills you, life is tough
But I can't quit 'cause I can't quit enough

I've felt all the pressures playin' to an empty room
And the pleasures of a crowd that's singin' loud to every word
to all my songs
But the band and me, Lord, keep rollin' on
We roll on

We're still tryin' to quit smokin'
Tired of laughin', tired of jokin'
'Bout the habits we all have slowly creepin' up
We all gotta die from somethin'
Livin' kills you, life is tough
I can't quit 'cause I can't quit enough

We're all tryin' to quit smokin'
Tired of laughin', tired of jokin'
'Bout the habits we all have slowly creepin' up
We all gotta die from somethin'
Livin' kills you, life is tough
I can't quit 'cause I can't quit enough
I'll never quit 'cause I can't quit enough
