

Colorado

Cody Jinks

Don't think that I don't think about Colorado
It's about the only thing I ever do
Don't think that I don't think about Colorado
Don't think I ain't thinkin' 'bout you

Even though our love might've gone down burnin'
Like the sunset on the mountains out in Vail
And our best days might have been some I forgotten
But our worst days I remember much too well

Don't think that I don't think about Colorado
It's about the only thing I ever do
Don't think that I don't think about Colorado
Don't think I ain't thinkin' 'bout you

I look back to when we carved our names in marble
On an aspen by the cabin where we stayed
And I wonder if that tree's still strong and standin'
Despite the broken promises we made

Don't think that I don't think about Colorado
It's about the only thing I ever do
Don't think that I don't think about Colorado
Don't think I ain't thinkin' 'bout you

Don't think that I don't think about Colorado
It's about the only thing I ever do
Don't think that I don't think about Colorado
Don't think I ain't thinkin' 'bout you
Don't think I ain't thinkin' 'bout you
