I can't find the silver linin'  
In the clouds above my head  
Keep waitin' for the sun to shine  
But the lightnin' ain't done strikin' yet  
All the answers lead to questions  
All the questions lead me astray  
Fingers pointin' in all directions  
And I'm bettin' they don't know the way

Preacher says that I'll find it in the Bible  
Doctor says that it's in this pill  
About died tryin' to find it at the bottom of a bottle from a c  
opper Jack Daniels still  
How far can a road keep goin'?  
How deep can a hole go down?  
How lost is a sinner like me gonna have to be  
Before he gets found?

Do I need to hit rock bottom?  
Do I need to sell my soul?  
'Cause I've given it all I've got  
And all I've got is out of control
