

# Hand Me Down

Cody Jinks

Well hand me down, hand me down  
Come on, come on, hand me down  
Hand me down, hand me down  
Come on, come on, hand me down

Hand me down my evenin' news  
Hand me down your point of view  
Hand me down those rich man's wars  
Hand me down what it's all for  
Hand me down your politicians  
Handed down by hypocrites  
Hand me down false laws of man  
Hand me down your latest brand

Hand me down, hand me down  
Come on, come on, hand me down  
Hand me down, hand me down  
Come on, come on, hand me down

The good times came, good times gone  
Hand me down what went wrong  
Hand me down for I'm ashamed  
Truth brings life and life brings slain

Hand me down, hand me down  
Come on, come on, hand me down  
Hand me down, hand me down  
Come on, come on, hand me down

Hand me down my weekly tithe  
Hand me down your thoughts on life  
Hand me down that book to read  
That's the handout that I need

Hand me down, hand me down  
Come on, come on, hand me down  
Hand me down, hand me down  
Come on, come on, hand me down

The good times came, good times gone  
Hand me down what went wrong  
Hand me down for I'm ashamed  
Truth brings life and life brings slain

(Won't you hand me down, hand me down)  
(Hand me down)
