

# Mercy

Cody Jinks

Strong liquor and an empty glass  
And three weeks that kicked my ass  
This runnin' ragged sure is hell on me  
I'm nine miles a minute and I'm head-long in it  
And she knows she's in up to her knees

And she's patient when she's had enough  
That's how she shows me love  
And she gives me more than she gets from me  
Sometimes the whole thing gets me down  
It takes more than love to turn around

I have mercy when I need it  
That's one thing I'll always need  
And she knows it  
And lord she shows it  
She gives me every reason to believe

I have mercy when I need it  
And that's one thing I always need  
And she knows it  
And lord she shows it  
She gives me every reason to believe

And she knows it  
And lord she shows it  
She gives me every reason to believe

Strong liquor and an empty glass  
Three weeks that kicked my ass  
This runnin' ragged sure is hell on me
