

# Vampires

Cody Jinks

Where does time go? It's gone away  
Time was on my side yesterday  
So much can change between then and now  
Where does time go?

Where do dreams die along the way?  
Dreams are all we had yesterday  
Who told all the vampires of the world  
They were welcome anyway?  
Where do dreams die?

Who gave who the message?  
Who gave who the hands of time?  
Who gave who the job to take reason and the rhyme?  
Like another Holden Caulfield  
I'm a Catcher in the Rye  
Who told who to take the dreams out back to die?  
Who told who to take the dreams out back to die?

Who gave who the message?  
Who gave who the hands of time?  
Who gave who the job to take reason and the rhyme?  
Like another Holden Caulfield  
I'm a Catcher in the Rye  
Who told who to take the dreams out back to die?  
Who told who to take the dreams out back to die?
