

# Whiskey

Cody Jinks

I've never been the kind to just turn and run  
Never lost a battle with a loaded gun  
Never been confused about who I am  
Or what I think it takes for me to be a man

But lately it's been hell just trying to get by  
Livin' like I'm livin' on a borrowed dime  
Watchin' my friends as they're all having fun  
Whiskey won't you help me make it through this one

Cause I don't mind  
I'll sit here and keep on grinnin', drowned my head and keep on  
livin'  
I don't mind  
Guess I'll drink another bottle and drown another sorrow  
I don't mind  
I can't wait another minute, won't you help me to forget it aga  
in

Well tonight's been slower than it's ever been  
Staring at the clock at closing time again  
The bartender tells me it's time to go  
Got a bottle of the venom waiting back at home

Come tomorrow I'll probably buy some more  
Black Label Even Williams from the liquor store  
Back to the bar until my drinkins done  
Whiskey won't you help me make it through this one

Cause I don't mind  
I'll sit here and keep on grinnin', drowned my head and keep on  
livin'  
I don't mind  
Guess I'll drink another bottle and drown another sorrow  
I don't mind  
I can't wait another minute, won't you help me to forget it aga  
in

Cause I don't mind  
I'll sit here and keep on grinnin', drowned my head and keep on  
livin'  
I don't mind  
Guess I'll drink another bottle and drown another sorrow
