

I'm Not Responsible

Cody Johnson

Well you called, you asked me where I'm at
And if I knew baby I'd tell you on the spot
Well I'm wrong and we both know that
I'm not responsible
For where this night might lead

'Cause I'm on the way to somewhere
Getting nowhere
Wondering where I've been
Going down a road
That nobody knows
Where the truth lies there within
And I might fall, and I might fly
And I might not know the reasons why
I'm just not responsible
For anything that happens tonight

Well my heart, it's breaking into
And maybe all of this it just might go away
Well the pain, I'll wait for it to fade
But with what I'm doing tonight
Baby it might all slip away

'Cause I'm on the way to somewhere
Getting nowhere
Wondering where I've been
Going down a road
That nobody knows
Where the truth lies there within
And I might fall, and I might fly
And I might not know the reasons why
I'm just not responsible
For anything that happens tonight
Oh yeah!

And I might fall, and I might fly
And I might not know the reasons why
I'm just not responsible
For anything that happens tonight

Well you called, you asked me where I'm at
And if I knew baby I'd tell you on the spot
