

# On My Way to You

Cody Johnson

All the boats I've missed  
All the hell I've caused  
All the lips I've kissed  
All the love I've lost  
I got kicked around  
I've been black and blue  
On my way to you

All the stars I've seen  
All the songs I've sung  
All the beers I've drank  
All the damage done  
I was just passing time  
Kinda just passing thru  
On my way to you

Every curb, every ditch  
Every turn, every bridge  
I left behind me up in smoke  
Every fork in the road  
It was hard to while  
When I finally saw you smile  
Every highway, every heartbreak  
Every mountain, every mile

I got the radio up  
Sun is going down

I'll take a left at the bank  
And I'll head straight thru town  
So baby put on that dress  
A little sweet perfume  
Cause I'm on my way to you

Yeah, every curb, every ditch  
Every turn, every bridge  
I left behind me up in smoke  
Every fork in the road  
It was hard to while  
When I finally saw you smile  
Every highway, every heartbreak  
Every mountain, every mile

All the boats I've missed  
All the hell I've caused  
All the lips I've kissed  
All the love I've lost  
I thank God for that  
I guess he always knew  
I was on my way to you...  
On my way to you...  
On my way to you...
