

Texas Rain

Cody Johnson

Storm clouds, they were rollin' in
As you packed your bags
The rain was fallin' down, about the time you hit the road
I'm watchin' you not lookin' back

Oh baby, I'm a fool for holdin' on so long
And I'm a fool for thinkin' you would stay
Baby I'm a fool, for standin' here
In the Texas rain

It rained on my heart the day that you told me you were leavin'
The weather sure didn't look too good
The thunder rolled the day you told me you were through believi
n'
And that you'd be gone for good

Oh baby I'm a fool for thinkin' you would stay
And I'm a fool for lovin' you anyway
Baby I'm a fool, for standin' here
In the Texas rain

They say the rain, it'll cleanse your soul
But all I'm doin' is getting wet
Oh they say the rain, will wash away your troubles
Baby I ain't happy yet

Yeah baby I'm a fool, for holdin' on so long
And I'm a fool, for thinkin' you would stay
Yeah baby I'm a fool, for standin' here
In the Texas rain
