

New Crowned King

Cody Simpson

When we were dancin' on the grass the bear forgot to swim
And I was walkin' on water and you were everything
Oh, movin' on in, movin' on in
New life is comin' in

And I was floatin' up so high, almost forgot to fall, ooh
But when her castle's in the sky there ain't no ground at all
No, I'm new crowned king, I'm wild and I sing
You were everything
I'm new crowned king, I'm wild and I sing
You were everything

When you know, you know
When she swims high in the sky I sing the royal hymn
When you know, you know
When you look me in the eyes you never think of him
Oh don't fall for her flowers
But for her roots
Oh, don't fall for her flowers, yeah
But for her roots, oh baby

And when the moon shimmers through the California leaves, oh ba
by
And we would lie down on the beach and cry in ecstasy
Oh, I'm movin' on in, movin' on in
New life is comin' in
Oh, I'm movin' on in, movin' on in
New life is comin' in

We'll make our love against the gates, we heard this holy voice
Oh, and then the silver siren calls and crowns the baby boy
Oh, the newborn king
Cries when he sings he's everything
Oh, newborn king
Cries when he sings he's everything
